

## **MaraMAPS Announces Charitable Giving Program**

(Tampa, FL - Sep 13, 2011)

MaraMAPS Corporation, a manufacturer of customized folding boat tables, today announced a program to benefit two charitable organizations, Habitat for Humanity and Building Homes for Heroes. For every table or tray purchased, MaraMAPS will donate \$5, split between the above charities.

Habitat for Humanity is a nonprofit, ecumenical Christian ministry founded on the conviction that every man, woman and child should have a decent, safe and affordable place to live. They build with people in need regardless of race or religion. They welcome volunteers and supporters from all backgrounds. 81% of donations go directly towards providing homes. In today's challenging banking environment, the interest-free loans provided through Habitat for Humanity is all the more important. MaraMAPS President Shawn Ryan has worked as a volunteer on Habitat for Humanity homes and has seen first hand the hard work owners put in right next to the volunteers.

Building Homes for Heroes provides individuals, corporations and others with an opportunity to help severely wounded and disabled veterans and their families rebuild their lives. Building Homes for Heroes is committed to supporting those who have returned home from the wars in Iraq or Afghanistan with severe wounds and disabilities, with a goal to build homes for families in dire need. 87% of donations go directly towards providing homes. It's our honor to support those who have been called upon to make a tremendous personal sacrifice.

A side benefit of providing homes to those in need is a boost to the economy as homes are built, remodeled and furnished.

MaraMAPS has been providing tables and trays with customized charts and maps printed directly on the top for several years. Over 75 standard charts and maps of the most popular boating areas are available on the MaraMAPS website, or the customer can identify a unique area for printing on the tabletop and even add text and photos to the image. MaraMAPS is the only company that allows customers to select an image for printing on a folding table.

MaraMAPS tables are manufactured in Tampa and are available in a variety of standard sizes and colors. Some are solid wood while others use weather resistant PVC.
